Sustainability & Ethics in ErUM-Data

JOIN
NOW

Review

Grown out of the recent ErUM-Data Workshop
“Shaping the Digital Future of ErUM Research:
Sustainability & Ethics” (2025)

FOCUS & GOALS

- Complementing ongoing activities within the ErUM-Data-Community and the ErUM-Data-Hub (e.g. workshops, schools & publications)
- Strengthening communication strategies and awareness
- Understanding our place in the bigger picture, and exploring how to broaden the adoption of already well-known solution
- i There is no fixed workload if you would like to join the group, tasks will be continuously defined, and you can choose to contribute in implementation
- i First steps include: A Podcast episode; creating a slide deck “where to start?” (for the ErUM community, to be presented by the Action Group to various groups)

MEETINGS:

last friday of
every month

11:00

“

The problem and the solutions of
the climate crisis are well known.

What can we do to achieve a
broader adoption of the solutions?

”
